

Drawing 101/102/103

Level: 1, Age Requirements: 9 – Up, Format: Classroom, Prerequisites: None,

Instructor Permission: This class is a requirement for all beginning students.

Note: This is a 2-term course for most students. Given our 12-week term the student will need both terms to finish the 2 drawings listed in the Description paragraph. Our goal is to help the students be able to see and copy shapes accurately, and this class often needs to be taken several times in order to accomplish this.

DESCRIPTION:

During the first few weeks students work on exercises that develop the right side of the brain in learning how to see artistically. The rest of the term will be spent copying a Masters black & white picture and possibly a landscape.

OBJECTIVES:

To learn to see artistically and create a well composed picture.

SUPPLIES:

Supplies are taken out of the school supply fees.

WHAT TO EXPECT:

Every student will be expected to practice basic weekly exercises that may take ten minutes a week. Students present at our Art Exhibit at the end of the term.

REGULAR SCHOOL HOURS:

Check schedule to determine time of class. Students are responsible for showing up on time. Work will take place during regular class hours.

CODE OF CONDUCT:

Students will not be graded (unless in college); however, they will be evaluated on their ability to complete in-class assignments.

HOW TO SUCCEED:

Have a desire to learn to draw, have a teachable attitude and practice the given exercises.

In order to move on to Drawing 201 student must demonstrate ability to:

1. Work independently.
2. Draw an accurate representation of the picture being copied.
3. Exhibit good understanding of contrast in their work.
